

**who's caring  
for your  
children  
this summer?**

**The school year is quickly coming to an end.  
Have you secured care for your children?  
We can help.**

Our experienced, bilingual Parent Educators can help you find the best summer child care solution for your family. The YWCA Child Care Resource and Referral database contains 1,200 providers throughout DuPage and Kane Counties.

Need a flexible schedule? Need care for more than one child? Call our Parent Educators. Tell them your child care needs and they will search our database for only those providers who meet your specific needs. Your customized list of providers will be sent to you the same day so that you can begin contacting providers ASAP and find the one who you feel is the best fit for your family.
