

Stronger Together: Group for Immigrant Parents and Caretakers

YWCA Metropolitan Chicago invites you to a creative processing group in Spanish for immigrant parents and caregivers. The group will be focused on immigration experiences and how these affect the care and support of children who have survived sexual abuse.

The group will offer a safe, supportive space for parents to reflect on their experiences, share resources and use creative means to process issues such as:

- The stressors faced in the current political climate
- The impact of different cultural interpretations of sexual abuse on families
- The challenges of navigating legal processes as an immigrant parent
- Family separation due to immigration issues and / or child sexual abuse
- Difficult emotions related to child sexual abuse
- The management of self-care

WHEN:

Thursdays

12:00pm – 1:30pm

8 Weeks

Start date: TBD

WHERE:

YWCA Metropolitan
Chicago, RISE Center
820 W. Jackson Blvd.
Suite 550
