Catalytic Ventures: Career Fellowship

Learn a new skill and kick start a career from home in this remote learning opportunity.

Catalytic Ventures Career Fellowship is a great opportunity for anyone looking to jumpstart a career in Information Technology, Transportation Distribution and Logistics, or IT Sales. You will receive training from our partner companies and be taught a new skill in 8, 12 or 16 weeks depending which field you choose. You will be given the appropriate technology as part of your package to get through your training. In addition to training, you will work closely with a YWCA Empowerment Coach who will help ensure your success in the Fellowship. Once you complete the Fellowship, we will work with you to help you find job placement and start the career you’ve been waiting for.

Training & Certifications being offered in:
- Information Technology
- Cyber Security
- IT Sales
- Transportation, Distribution & Logistics (TDL)

Other Fellowship Benefits include:
- One-on-One Career Coaching
- Mentorship
- Receive a Living Stipend (optional)
- Employment Referrals
- Resume, Cover Letter & Interview Guidance

Through an ISA (Income Share Agreement)
Pay nothing for your training until you land a job earning at least $40,000 annually.

Interested? Join us for our next virtual information session and learn more about this exciting fellowship.
